

IMHPromotion.ca is the home for Infant and Early Mental Health membership, resources, and transactions through our e-store.

IEMHP Membership supports your commitment to young children, their families and your ongoing commitment to learning about the science and best practices that promote infant and early mental health.

**You are a constant learner.
You are excited about the future for the next generation.
Your commitment is amplified.**

Memberships

There are many resources available to you without membership. Membership does however give you extended access to additional content!

Registered Users will also have access to:

- Infant and Early Mental Health Resources
- Discounts on Lecture Series
- Select Online Learning Modules & Materials (Excluding fee-based trainings)
- Webcast Archives
- Free Access to A Simple Gift - Parent friendly videos on attachment and emotions

IEMHP has developed a membership pricing structure that is based on the number of infant and early mental health practitioners on your staff who may want access to the member only resources on the IEMHP website.

Our group access rates are intended for agencies serving prenatal to age 6, from a wide range of sectors including public health, primary care, child care, education and protection.

Access levels are now defined by Maximum group size, and anticipated usage.

IEMHP Membership Structure/Options as of April 1, 2022
